**SHEEP
COMPETITION**
2023 PERTH ROYAL SHOW SCHEDULE

“To promote the excellence in sheep breeding in Western Australia.”

Mission Statement

Each year around 1,000 sheep come to the Show to be judged on their meat, wool or breeding. While they're here they live in the Horwood Pavilion. A wide variety of breeds are represented from the Merino, Corriedale, Dorper and Australian White to British Breeds including Border Leicester, South Suffolk, Suffolk, Shropshire, Wiltshire Horn and Wilti Poll together with Poll Dorset, Prime SAMM, Texel, Il de France and White Suffolk. The All Breeds Stud Ram and Ewe Sale is a colourful and busy event which draws plenty of spectators and buyers. Over many years farmers have brought their best sheep to the Show in the hope of realising a strong price for their dedicated breeding - a sheep with a Royal Show ribbon will often go for a higher price.

Section Conditions

1. CONDITIONS OF ENTRY

1.1 All livestock exhibits must be bred by the Exhibitor, or owned, leased or syndicated by the Exhibitor for a minimum of six (6) months as at the date of judging and provide proof of the transaction by way of receipts or registration papers.

1.2 When an Exhibitor is officiating as a Judge at the Show and wishes to present animals for sale the Exhibitor is prohibited from exhibiting for judging purposes on that occasion.

1.3 All sheep must be shown in the wool unless otherwise specified.

1.4 No sheep, except those entered for sale or competition, will be allowed on the Showground without the permission of the Councillor in Charge.

1.5 **Duty of Care to Animals:** A person who has the care or charge of an animal has a duty to take all reasonable measures to ensure the welfare of that animal.

1.6 All Exhibitors, or their nominee, must be in attendance and responsible for presentation of sheep to Judges.

1.7 Exhibitors of British breeds, Corriedale and other breeds are requested to provide suitable leads for their sheep to facilitate the handling and judging of exhibits if they so wish.

2. COMPLETION OF ENTRIES

2.1 **Definition of a Novice:** Restricted to breeders who have not won a first prize in Open classes at any Royal Show in the breed in which they are competing. Breeders competing in the Novice class can compete in the Open class. Novice class results do not count towards Governor Cup points.

2.2 Individual breed requirements are listed in the Breed Descriptions of the Australian Flock Register.

2.3 Ewes exhibited in lambs at foot classes must have a lamb that is purebred or registered appendix flock lamb of her own breeding at foot.

3. AGES OF SHEEP

3.1 As the industry recognises teeth as a readily available means of assessing the age of sheep, the following definitions are to be used to determine the correct age for various classes of competition for the purpose of the Show across all breeds of sheep.

3.2 Ages mentioned are a guide. Viewing teeth determines the ultimate classes in which sheep are to compete.

3.3 A tooth is considered to have erupted once it has broken the gum. This interpretation is subject to breed inspector's decisions.

a) **All lamb classes:** No evidence of eruption of permanent teeth. Lamb's teeth (8 milk teeth). 1 month to 12 to 18 months.

b) **Under 1½ years:** Not to show more than two (2) permanent incisor teeth. Two-tooth (2 central incisors and 6 milk teeth). 2 to 18 months.

c) **Over 1½ years and under 2½ years:** Not to show more than four (4) permanent incisor teeth. Four-tooth (2 central, 2 middle incisors and 4 milk teeth). 18 months to 2 years.

d) **Over 2½ years and under 3½ years:** Not to show more than six (6) permanent incisor teeth. Six-tooth (2 central, 2 middle, 2 lateral incisors and 2 milk teeth). 2½ to 3½ years.

e) **Over 3½ years:** To show eight (8) permanent incisor teeth. Eight-tooth (2 central, 2 middle, 2 lateral and 2 corner incisors). 3½ to 4 years and older.

4. NUMBER OF ENTRIES PER CLASS

4.1 Exhibitors are limited to three (3) entries in any one (1) class and the Society reserves the right to further restrict entries to two (2) per class, after entries close, if found necessary because of lack of penning space.

5. TRANSFER OF ENTRIES

5.1 In all sheep breeds, animals entered in their incorrect age class may be transferred to their correct class subject to application being made to the Councillor in Charge and approved at least one (1) hour prior to the stipulated judging time, and subject to such transfer not exceeding the maximum number of entries allowed in any one (1) class. The onus is on the Exhibitor to be aware of any class transfers made by the inspection team.

5.2 **Merino:** Exhibits will be inspected with respect to wool type, e.g. super fine, fine, medium or strong wool, and age on Friday 23 September 2023 after the completion of penning.

6. REFUND OF ENTRY FEES

6.1 No refunds will be given for livestock exhibits except where RASWA has excess entries in a section or class and is unable to accommodate them.

6.2 If COVID-19 recommendations and mandates advised by the Federal and State Governments mean the competition class you entered cannot proceed in 2023, the RASWA will issue a full refund of your entry fee.

7. WITHDRAWAL OF EXHIBIT

7.1 A Veterinary certificate may be requested by RASWA if an exhibit is withdrawn due to illness or injury.

8. IRREGULAR SHEEP ENTRIES

8.1 In the event of sheep being entered in the wrong wool type, with exception of Merinos, the Judges have the right to request Stewards to place the exhibits in their correct class.

9. DAYS GROWTH OF WOOL

9.1 **Border Leicester:** Except in the classes provided for shorn sheep, all exhibits in these classes must be carrying not less than nine (9) months nor more than 13 months growth of wool at time of inspection prior to judging.

Long wool sheep in the under 1½ years class (not to show more than two (2) permanent teeth) need not be shorn, but must carry a minimum of nine (9) months wool.

9.2 **Shropshire:** Exhibits in this section must be closely and evenly shorn and carrying not more than 1.5cm of wool at time of inspection prior to judging. Wool classes to carry no more than 9 months growth.

9.3 **Poll Dorset:** Shearing date for exhibits in wool classes will be between 1st December and 31st January in the year of competition. Rams to be machine shorn and untrimmed for all shorn classes.

9.4 **Corriedale:** In Corriedale sheep classes, limited restrictions are made on the number of days growth of wool to be carried by exhibits. Except for shorn classes, sheep may be exhibited either in full wool or half wool. For sheep in full wool, 10 to 13 months wool is acceptable. Sheep in half wool will be shorn after the Wagin Woolorama. The number of days wool must be stated on the application for entry for each sheep and they will be judged making allowance for the different shearing dates.

9.5 **Ile de France:** All entries must be carrying no more than 1.5cm of wool at time of inspection prior to judging.

9.6 **Prime Sann:** Shearing date for all classes except the wool class is 1st July in the year of competition, or

two (2) weeks either side of this date. The wool class date is 1 February in the year of competition, or two (2) weeks either side of this date.

9.7 **Lincoln:** Exhibits in this breed must be carrying not less than nine (9) months nor more than thirteen (13) months growth of wool at time of inspection prior to judging.

9.8 **Texel:** All entries must be carrying no more than 1.5cm of wool at time of inspection prior to judging.

9.9 **White Suffolk:** All sheep to be shorn on or after 15th August and untrimmed.

10. INSPECTIONS

10.1 Breed Society Standard and Conformity to the schedule will be used for inspection, and an appeal may be lodged to the Appeals Committee or to the Councillor in Charge.

10.2 **ASSBA:** The inspection committee shall have the power to recommend to the Chief Steward the withdrawal from competition of any sheep not complying with the shearing and lamb at foot conditions. In the event of the Chief Steward endorsing any such recommendations, the Exhibitor concerned shall have the right of appeal to the Councillor in Charge provided such appeal is lodged in writing with the Chief Steward within one (1) hour of being notified of the Chief Steward's decision. The decision of the Committee shall be final.

10.3 **Poll Dorset:** Poll Dorset sheep will be subject to an inspection by Breed Society Inspectors to maintain Breed and Show requirements. After animals have been inspected, Exhibitors will be notified of results. In the event of an animal being rejected from competition by the Breed Society appointed Inspectors, an appeal may be lodged to the Appeals Committee through the Councillor in Charge, in writing, within one (1) hour of the Exhibitor being notified of such rejection.

Appeals Panel will comprise four (4) members nominated by the Australian Poll Dorset Association WA Regional Committee.

11. SCANNING

11.1 Sheep in Scan classes that have been penned should be ready for scanning from 3.00pm - 6.00pm, Tuesday 26 September. Please listen for shed announcements.

11.2 For breeders who nominate sheep in Scan classes for the Show, their animals will be scanned by Stocksmart at no charge.

11.3 Scanning is conducted under Stocksmart scanning' to avoid a potential conflict that scanners are working for their affiliated body whilst conducting scanning. If

scanners are to show sheep, they are not to scan their own sheep.

11.4 Only sheep entered in scan classes at the Perth Royal Show are eligible to be scanned.

11.5 Any exhibitors who wish to utilize the services of the scanner must make those arrangements directly with the scanner. Out of competition scanning is purely at the discretion of the scanner and they are within their rights to charge a fee for this service.

12. FLOCK NUMBERS AND ELIGIBILITY

12.1 Exhibitors must provide the registered Flock Number of the breeder of each entry. All sheep competing in this section must be bred in a flock registered in a recognised Flock Book unless otherwise specified, and all exhibits must be the bona fide property of the Exhibitor.

12.2 **Merino:** A Merino cannot be shown in a Poll Merino class and a Poll Merino cannot be shown in a Merino class. A sheep is only eligible to be shown in its class using the specific flock registration number. The flock registration numbers will be shown on the application for entry in each class.

13. SHEEP FOR EXHIBITION

13.1 All sheep will be required to have a NLIS tag and earmarks before they leave the property. They must meet the requirements of the stock (Identification and Movement) Act, and could be shown and returned to their property. They must be accompanied by a NVD/Waybill and RASWA will keep a record of the animals that were at the Showground. **Exhibitors should use the Showground PIC Number WCSG0001 as the identifier of the Showground on the NVD/Waybill and specify their return address.**

15.2 Upon inspection, if an exhibit is disqualified from entering competition, it may remain in its pen until the conclusion of the Show.

16. MEDICATION CONTROL

16.1 The purpose of this condition is to ensure that the normal performance of an animal during competition is not affected, either deliberately or unintentionally, by the influence of drugs and medications, or by any form of veterinary treatment. No drugs shall be administered to any animal exhibited in this section, except under the direction of RASWA's Veterinary Surgeon who shall advise the Councillor in Charge if in their opinion, such drug, medication or veterinary treatment is likely to have any effect upon the animal, which would be material to its chance of being awarded a prize, and in such case the Councillor in Charge may bar the animal from competing.

16.2 RASWA may make, or cause to be made, such test or tests of an animal, as it shall deem necessary to determine whether such drug has been administered to any animal which has been entered for, or has been exhibited in, any class or competition.

17. MOVEMENT OF STOCK TO WA

17.1 There are strict requirements for bringing livestock into WA. A completed Health Certificate for Movement of Stock to Western Australia (Form LB1), available from the Department of Primary Industries and Regional Development, must accompany each consignment of livestock en route into WA. It contains all entry requirements for livestock and is used to certify that livestock meet these requirements. 20.1 If at any time an animal which has been shown or is to be shown at the Show dies at the Showground, the Exhibitor/Owner shall not remove or permit the animal to be removed from the Showground without the prior written permission of RASWA's Veterinary Officer.

20.2 The Veterinary Surgeon may, at the expense of the Owner/Exhibitor, where an animal has died at the Showground, carry out or cause to be carried out, at a place determined by the Veterinary Surgeon, an autopsy of such animal to ascertain the cause of death.

20.3 The Veterinary Surgeon may authorise the disposal of the remains of the animal after the autopsy at the expense of the Exhibitor/Owner.

20.4 Asset Services should be notified of death. They may be able to assist with the disposal of the carcass.

21. OVINE BRUCELLOSIS

21.1 The rams of all breeds of sheep (unless a Breed Society has a specific ruling) will be required to be tested and Ovine Brucellosis negative in the year of competition. This means an exhibit must have either full accreditation or a serological blood test by the Department of Primary Industries and Regional Development showing negative results.

21.2 All rams exhibited must come from flocks registered with the Ovine Brucellosis (Ram Flock) accreditation scheme of the Department of Primary Industries and Regional Development, or all Exhibitors must provide a certificate from a Veterinary Surgeon certifying that their rams have been:

a) serologically TESTED TWICE for Brucella Ovis with negative results at an interval of 60 to 150 days;

25.3 Only Exhibitors who have more than 10 sheep can be allocated more than one (1) locker.

26. STOCK BEDDING

26.1 Bedding will be supplied by RASWA. Exhibitors are requested to be as economical as possible in their use of bedding.

26.2 Each pen will be provided with half a bale of straw at the start of competition and refurbishment straw is allocated at one bale per five pens per day.

26.3 Extra bedding can be purchased at time of entry.

27. CLEANING OF PENS

27.1 All straw from pens must be placed at the end of aisles by no later than 8.00am every day. Shed staff will be closing off access to the main alleyway at 8.00am to allow for the Dingo to operate safely. Fresh straw will be made available from 6.30am each morning.

27.2 Height of straw must never be allowed to build up above 200mm from the base of the pen.

27.3 Exhibitors are not required to clean out pens on the last Saturday of the Show.

27.4 Exhibitors must endeavour not to waste bedding straw.

27.5 In the case of rams in pens that predominantly urinate in the centre of the pen, please remove all soiled bedding with fork and then pull remaining straw from edge of pen to cover up hole created, then add a limited quantity of fresh bedding to top up pen in accordance with point 27.2.

27.6 In the case of ewes, the reverse should be practiced as centre is possibly unsoiled.

27.7 These requests are made in the interest of reducing the quantity of bedding used. The practice by some Exhibitors to keep adding fresh straw is not to continue as the smell builds up. If this rule is not adhered to it may become necessary to charge for straw.

29.4 Exit is through Gate 8.

29.5 Vehicles will NOT be able to enter at Gate 8 off Ashton Avenue after the Show commences.

30. PENNING

30.1 All Sheep must be penned by the times stated below for each breed. If unavoidably delayed in transit, special arrangements are to be made with the Councillor in Charge in the Jim Horwood Pavilion.

30.2 It will be the responsibility of the Exhibitor or their agent to place the sheep in pens allocated to them in whatever order they desire to best show off their

exhibits. Pen numbers bear no relation to their catalogue number. Once penned, the pen number can then be written in on the catalogue tag for management purposes. Prior to the penning of exhibited sheep, no sheep except those entered for competition shall be allowed in the competition pens.

30.3 After being penned, only Breed Society Officials, Exhibitors or their representatives are allowed to handle sheep prior to being judged. Any person breaching this condition is liable to expulsion from the Showground.

31. OBJECTIVE MEASUREMENT

31.1 Exhibitors will be notified of when they will be required to bring their animals forward.

31.2 The priority traits to be measured that affect meat yield are:

- Fat thickness (depth)
- Rib eye depth or rib eye area

The software program used calculates these measurements. The program uses a formula that ranks or promotes animals that have the current desirable measurements to increase meat yield or have a good correlation of fat and meat in proportion to live weight.

Each animal is given objective measurement points to a maximum of 60 (calculated by the program) and the Judge adds his final structural and personal assessment points to a maximum of 40.

The points are then totaled by the steward and the highest point scoring animals are then awarded by the Judge.

a) Each breed to be scanned on a breed basis to make a valid comparison of entries in that breed.

b) Only entries nominated on the application for entry in a scan class will be eligible to compete in a scan class across all breeds.

c) All scanning takes place on Tuesday afternoon between 3-6pm. Exhibitors will be called up from 3pm.

32. DRESS CODE FOR JUDGING RING

32.1 The minimum dress code required before entering the judging ring has been determined by the RASWA Sheep Committee as:

PRIZE MONEY

RASWA has a policy whereby all prize money is paid by EFT (Electronic Funds Transfer). Your banking details will be kept secure and can only be used by RASWA to credit your bank account. Please complete your account details on the application for entry even if you have provided them previously. In accordance with the rules of the competition, failure to provide your bank details will mean that any prize money you earn will be forfeited and retained by RASWA.

Prize money as stated in the schedule does not include GST. The prize money which the Society pays to successful Exhibitors ("you") depends on the information that you provide to the Society.

If you confirm that you are GST registered and provide your Australian Business Number (ABN) the Society will pay the appropriate prize money plus 10% GST. The Society will provide to you a Recipient Created Tax Invoice (RCTI) within 28 days of the day you were successful at your event, detailing the GST which you will need to submit to the Australian Tax Office (ATO).

If any adjustments need to be made, the Society will issue an adjustment note to you within 28 days of the adjustment. Upon entry into the competition and completion and signing of the application form, this form will become a RCTI agreement as required under (Goods and Services Tax) Act 1999.

Furthermore, you acknowledge your agreement to the following:

- The Society will issue you a tax invoice in respect of the successful exhibit;
- You are requested not to issue a tax invoice to the Society in respect to prize money received;
- It will be necessary for you to notify the Society if you cease to be registered for GST; and
- The Society will notify you if it ceases to satisfy any of the requirements of the determinations.

If you provide your ABN but are not registered for GST, the Society will pay the prize money as detailed in the prize schedule.

If you are a business Exhibitor and do not provide your ABN to the Society, 47% tax will be deducted from your prize money under the ATO PAYG provisions.

If you confirm that you are entering as part of a private recreational pursuit or hobby, the Society will pay the prize money as detailed in the prize schedule.
